

Fast Crew Supplier Vessel Construction

Client/Operator:
B.V. Scheepswerf
Damen Gorinchem

Services:
Provision of
skilled craftsmen:
structural and
aluminum welders,
pipe and machine
fitters, and
painters, for the
construction of a
purpose-built vessel

Location:
Malawi, Africa

Project site:
Monkey Bay, Malawi

AG&P was contracted by B.V. Scheepswerf Damen Gorinchem to supply manpower for the construction of a Fast Crew Supplier 3307 Vessel in Malawi, Africa.

The purpose-built vessel is 34.2m long with a 75m² deck and an aluminium hull. It is designed for the quick and safe transport of crew and materials across rivers, harbors, coastal waters and offshore.

AG&P deployed 30 workers to the project site including structural and aluminum welders, pipe and machine fitters, and painters. The workers arrived onsite ready to work and fully trained to comply with the latest international safety and quality standards.

AG&P is licensed by the Philippine government to recruit, process and deploy locally based workers to overseas jobs. AG&P is a consistent recipient of awards and recognition by the government and clients for excellence in overseas manpower deployment.

AG&P successfully completed its project scope with zero Lost-Time Incidents (LTI). AG&P has an unmatched global safety record with more than 50 million consecutive man-hours without LTI and only one minor incident over the last decade.
